Safety Insights & Updates

Safety isn't just something you do on a jobsite. Safety is a perspective – a way of looking at a company, its employees, its projects, and its customers. Safety is about planning, execution, and keeping score and the payoff for good safety can be significant.

Our speaker for this meeting is Shawn Christon, President of Consulting Training Services (CTS). Shawn and CTS are familiar to many as he has worked with many of our members as a safety consultant/director.

Shawn will use his nearly twenty years of experience as a safety professional - assistance with OSHA inspections, training, safety plans and hazard analysis, and pre-job safety evaluations - to provide insights into project safety. As part of his presentation, he will discuss some of the recent changes at OSHA and provide insights into how these changes may affect your operations.

We encourage you to join us for this informative meeting!
And we encourage you to stay after the meeting for the WRCA Bowling Outing!
