## ***Metal-Era, Inc. - Factory Tour***

**1600 Airport Road  
Waukesha, WI 53188**

**9:00 a.m. Registration/Welcome/Tour\*  
11:30 a.m. Discussion/Lunch**

Factory tours are always fascinating, and we're excited to take our March meeting to the Metal-Era, Inc. factory in Waukesha. What started as a small manufacturing plant in 1980 has grown into something that now occupies more than 100,000 square feet. The factory features state-of-the art robotics to increase productivity and quality, but our visit will also focus on the people, who we'll have a chance to talk with following the tour.

*Join us for this special meeting! There is no charge to register. Non-Member guests are welcome.*
